

“Tapping Into Local Consumers For Revenue”

SmartFinds Internet Marketing is a digital marketing agency dedicated to one thing: helping you drive business through Internet marketing.

Today's web is a game changer for businesses, with powerful new tools for engaging with customers.

We leverage our 15 years of experience in the Internet industry to help you create successful online customer relationships, giving you a powerful marketing edge.

Your customers are searching for every type of business, in your local area, using the Internet or their mobile devices.

All of the major search engines and local Internet directories are rushing to become a local yellow page replacement.

***Local Search Engine Optimization
and Listings Can Increase
Sales and Visits***

Benefits of Local Business Listing

- Listings can show up in search results
- Helps advertise your business for free
- Helps promote any discounts, offers, promotions
- Displays on Mobile maps (e.g. iPhone)
- Displays your business photos and videos
- Update anytime
- Free statistics and insights about people searching and finding your listing

Can potentially eliminate your yellow page advertising cost.
